

Urns And/Or Cremation Jewelry

Thank you for choosing McDermott's Funeral & Cremation Service. If you need a more "decorative" container or would like to select cremation jewelry to keep a memento of your loved one close to you, please visit our website:

www.mcdermottfuneralservice.com

On a PC or laptop, at the top right corner of every page, just click the "SHOP" button. That will take you to our web store. On a cell phone, Click the Menu bars in the top right corner. Then, click "SHOP." If you do not find something in our web store, please use the "Amazon" button right next to our "SHOP" button as it will take you directly to their urn page.

Once there, choose whatever item(s) you think would be fitting. Pay for them right through the website. Put your contact information in (name, phone number, email, etc.). However, when it asks for the SHIPPING address, use:

2121 Western Ave. Suite A3, Las Vegas, NV 89102

If you are using our web store, you will receive a confirmation email. We receive the same email (*for Amazon purchases, see instructions at the bottom of this page*). Then, we will fill whatever you send us before delivering everything back to you. There's NEVER A CHARGE to fill anything for you.

If we have already delivered the remains to you, and you purchase urns/jewelry at a later date, feel free to bring the remains and whatever you need filled (if it is a "suitable" vessel to hold cremated remains) back to us Monday through Friday between 9am and 5pm and we will fill it/them for you. Again, there is no charge.

Thank you.

FYI: If you order through an outside website, including Amazon, we will still fill them at no additional charge. We request that you still have them shipped to the above address. However, ship it to YOUR LOVED ONE'S NAME at our address so their name will appear on the shipping label and we will know who the urn(s) and/or jewelry is for.
